I am Christopher Mikal Logan, a technology architect and executive consultant with over 30 years of experience driving digital transformation across finance, government, and healthcare. Through my consulting firm, I deliver expertise in AI/ML, cloud architecture, enterprise modernization, and regulatory compliance, with a proven record of success on Fortune 500 programs and DoD contracts. I combine hands-on technical depth with executive leadership to help agencies and organizations modernize legacy systems, implement secure and scalable solutions, and achieve mission-critical outcomes with confidence.
